Applicant : Steve L. Flenniken, et al.          · Attorney's Docket No.: 07844-519001 / P481
Serial No. : 10/032,246
Filed     : December 21, 2001
Page      : 2 of 7

Amendments to the Specification:

Please replace the abstract at page 10 with the following amended abstract:

Processing electronic documents includes retrieving a first electronic document located in a reference directory specified by a first path and searching for a second electronic document purported to be specified by a second path.  If the second electronic document is not located at the second path, continue searching in a directory higher than the reference directory.
